Hardware: Electronics, technical IT, telecommunications,  
Networking, microprocessors, microcontrollers  
Programming: Programming methods, system analyses,  
Assembly (Motorola 68HC12),  
C, Visual C++, Java  
Internet: HTML, DHTML, ASP, JavaScript,  
Internet Information Server 4.0 (MCP+I)  
Database: SQL, Access, SQL Server 7.0 (MCDBA)

## **Career history**

- Jan. 2002 until today:  
Company: **IT site manager - Systems Engineer / Administrator**  
Richemont International S.A., Geneva
- 2005: Project of a new site for Richemont's headquarters in Bellevue, fully equipped with new hardware. Responsible for the server's project: Two distant rooms (150 m.) fully redundant (distant clusters, mirrored SAN). Responsible for the PC's project: Unattended installation (personalized SysPrep image, MSI packaging and Active Directory deployment). Involvement in the network project (including wireless): Definition of the requirements and VLANs, design validation. Involvement in the implementation of Cisco's IP telephony.
- Sept. 2003 until today: IT manager for the ICC site. Management of the infrastructure (budget, purchases). Domain Administrator and 3<sup>rd</sup> level support (expert) for the Swiss Active Directory domain (~3'500 users, ~20 DC, ~30 sites). Active Directory's support coordinator. Server's management, GPO and unattended PC's installations (for ICC and James-Fazy's sites). Applications deployment with Active Directory. Security updates (SUS - WSUS) for the 2 sites.
- Jan. 2002 until today: Systems Administrator (James-Fazy's site, ~160 users and 20 servers over 2 buildings). Windows NT 4.0 to Windows 2000 migration. Domain consolidation (migration from a Windows 2000 Domain over a new Windows 2000 architecture). GPO's implementation (group policy object). Implementation of the unattended installation for the workstations. Testing applications, MSI packaging and developing administration scripts (VBscript, kix, bat). Servers and data management. Internet access management (ISA server, Firewall)
- Dec. 1999 - Dec. 2001:  
Company: **IT Technician**  
ALSO Comsynt S.A., Plan-les-Ouates, Geneva
- Jan. 2000 - Dec. 2001: Outsourced to Pictet & Cie bank. Installation and configuration of servers (NT 4.0 and Windows 2000). Installing, configuring and maintaining PCs. Token Ring - Ethernet migration. Windows 95 - NT 4.0 migration. Second level user support.
- Nov. 2000, Jan. and Feb. 2001: Three month in London (Pictet London) 95 - NT 4.0 migration, second level user support. Systems administration
- Sept. 1988 - Nov. 1999:  
Company: **Civil engineer draughtsman / project manager**  
Zimmermann & Schutzle S.A., Onex, Geneva  
Civil Engineers
- Oct. 1989 - Nov. 1999: Responsible for the IT system (10 pc)
- Aug. 1993 - Nov. 1999: Responsible for the training of apprentices

## **Certifications Microsoft ( MCSE, MCP+i, MCDBA )**

31 October 2001:	(70-219)	Designing a Microsoft Windows 2000 Directory Services Infrastructure
17 October 2001:	(70-216)	Implementing and Administrating a Microsoft Windows 2000 Network Infrastructure
5 October 2001:	(70-210)	Installing, Configuring and Administrating Microsoft Windows 2000 Professional
26 September 2001:	(70-215)	Installing, Configuring and Administrating Microsoft Windows 2000 Server
19 September 2001:	(70-217)	Implementing and Administrating a Microsoft Windows 2000 Directory Services Infrastructure
6 February 2001:	(70-029)	Designing and Implementing Databases with Microsoft SQL Server 7.0
18 January 2001:	(70-028)	Administrating Microsoft SQL Server 7.0
23 August 1999:	(70-087)	Implementing and Supporting Microsoft Internet Information Server 4.0
25 June 1999:	(70-059)	Internetworking with Microsoft TCP/IP on Microsoft Windows NT 4.0
28 May 1999	(70-068)	Implementing and Supporting Microsoft Windows NT 4.0 Server in the Enterprise
14 May 1999:	(70-067)	Implementing and Supporting Microsoft Windows NT 4.0 Server
10 May 1999:	(70-073)	Implementing and Supporting Microsoft Windows NT 4.0 Workstation
1 April 1999:	(70-058)	Networking Essentials
